UNIVERSITY OF ENGINEERING AND TECHNOLOGY

## INTRODUCTION

- **University of Engineering & Technology (UET), Lahore, Pakistan** was established in 1921 as "Mughalpura Technical College" which became "Maclagan Engineering College" in 1923 and started offering B.Sc. degrees in Civil, Electrical, and Mechanical Engineering in 1947.
- **In 1960s and 1970s**, UET started offering Bachelors, Masters, and Ph.D. degrees in various fields.
- **In 2015**, UET adopted Outcome Based Education (OBE) system and now all degree programs are internationally recognized under Washington Accord. The university is currently hosting more than 500 international students from 16 countries in various programs.
- **At present**, the University has four satellite campuses; the Faisalabad Campus, the Kala-Shah-Kaku Campus, the Narowal Campus, and the Rachna College.
- **UET** has around 800 faculty members including Ph.D. faculty from top ranked international universities. The number includes 71 Professors, 112 Associate Professors, 280 Assistant Professors, and 316 Lecturers.
- **UET Lahore** offers 51 undergraduate, 64 M.S./M.Phil. and 28 Ph.D. degree programs.
- **Approximately** 13,500 students including 10,600 undergraduate, 2,040 M.S./M.Phil, and 441 Ph.D. students.

## PROGRAMS OFFERED

Architectural Engineering

Architecture

Automotive Engineering

Business Administration

BBIT

Bio-Medical Engineering

Chemical Engineering

City & Regional Planning

Civil Engineering

Computer Engineering

Computer Science

Electrical Engineering

Environmental Engineering

Environmental Science

Geological Engineering

Industrial & Manufacturing Engg.

Mechanical Engineering

Mechatronics & Control Engg.

Metallurgical & Materials Engg.

Petroleum & Gas Engineering

Polymer Engineering

Physics / Chemistry / Maths

Product & Industrial Design

Software Engineering

Textile Engineering

Transportation Engineering

# FACILITIES & CAMPUS LIFE

## LIBRARIES

The central library, Library of Engineering Sciences, is the biggest engineering library of the country with a total collection around 140,000 books excluding digital library sources. In addition, each department has its own program specific library.

## RESIDENTIAL HALLS

The University has ample provisions for hostel accommodation. It has 27 halls of residence that accommodate around 5,000 students.

## INTERNET & COMPUTING FACILITIES

The University provides Internet and computing facilities to its students through a high speed bandwidth. Each department has its own dedicated computer labs in addition to the central computing facilities.
